

Londoners will look great this summer with the help of Dr James Kleiber and SmileTube.tv

Special reduced rates for implants with top London dentist

9th June 2016. Basingstoke, Hampshire. Now the summer has finally arrived there is no better time to perfect a smile with beautiful new dental implants, especially when they are offered with significant discounts.

SmileTube.tv organises highly respected training courses around the UK for general dentists wishing to add implant dentistry to their practice repertoires. Dr James Kleiber, who works in London and is the medical director at the Glenholme and Wordsworth House Dental Centres in Hampshire,, has been appointed the clinical supervisor for the "Ultimate Implant Year Course" delivered through SmileTube.tv, in partnership with the implant manufacturer Nobel Biocare UK.

The highly respected SmileTube.tv training courses are the result of many years experience in teaching implant dentistry to MSc. level. James will take responsibility for the patients' care and will supervise the dentists carrying out their implant training.

Head of the SmileTube.tv training faculty is leading implant expert Ken Nicholson, who is delighted to welcome James to join the SmileTube.tv teaching team.

Dr Nicholson says, "As SmileTube.tv's clinical training mentor for London and Hampshire, James will be responsible for teaching implant dentistry to RCS Edinburgh Diploma level. The SmileTube.tv teaching faculty is composed of some of the most experienced practitioners operating today. Operating is the key word - not only are the faculty members well qualified in their specific field but most importantly they are hands-on dentists."

Dr James Kleiber explains, "I am delighted to be appointed to oversee the clinical training aspects of these successful courses which introduce and train general dentists in highly specialised implant work. My clinical teaching experience will offer comprehensive hands-on training to qualified dentists and I am inviting patients who are keen to have their smiles restored to let us know as soon as possible as this is an incredible opportunity.

Our patients will play a key role in helping us run the full implant training process, and as a result we will be pleased to offer a substantial 20% discount on the normal cost of implants to patients happy to be involved.

If you would like to put your name forward to take part as a patient in a SmileTube.tv course please contact James Kleiber via the Glenholme Dental Centre on info@glenholme.co.uk or call the team on 01256 465130." ENDS
